

Please DO NOT get rid of the wisconsin Do Not Call List. I am not being bothered by telephone companies, and every telemarketer under the sun. The Federal Do Not Call List is not strong enough. Since I signed up for DO NOT CALL, I do not get any sales calls. If I WANT to switch services to another company, I will search them out myself and call them. Please, Please, Please do not get rid of Wisconsin's List or alter it in any way. Thank you.
Sincerely,
